

OUTSTANDING CITIZENS — Mrs. W. W. Wallace, center, and Dr. M. L. Smith, right, were named Citizens of the Year at the annual Board of Community Development banquet Thursday evening in the high school cafetorium. Here, Mrs. Charles Reed, left, wife of the retiring president, and Bobby Crowley, back, who made the presentation, visit with the honorees. The two citizens were honored for their valuable contributions to the community in the field of education and other civic endeavors.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Rather a strange phenomenon took place in this country last week with the signing of the cease fire in Vietnam. In spite of all of the efforts of television and the newspapers the event seem to take on a "so what" attitude.

To be sure, this was not the case with families who have relatives over there, especially those whose relatives are among the missing in action or as prisoners. But the nation as a whole seemed to find it hard to realize that this country's longest war was finally coming to an end.

Maybe this was just because it has been the longest war and people are wanting to wait and see if it really has come to an end, but really we believe it is more in line with the way we fought the war — kinda half-heartedly.

It is our fondest hope that indeed this war that has sapped so much out of this country has come to an end.

It will take someone much smarter than we are to judge whether or not we should have ever gotten involved over there in the first place and we may have to wait for further historians to decide this question.

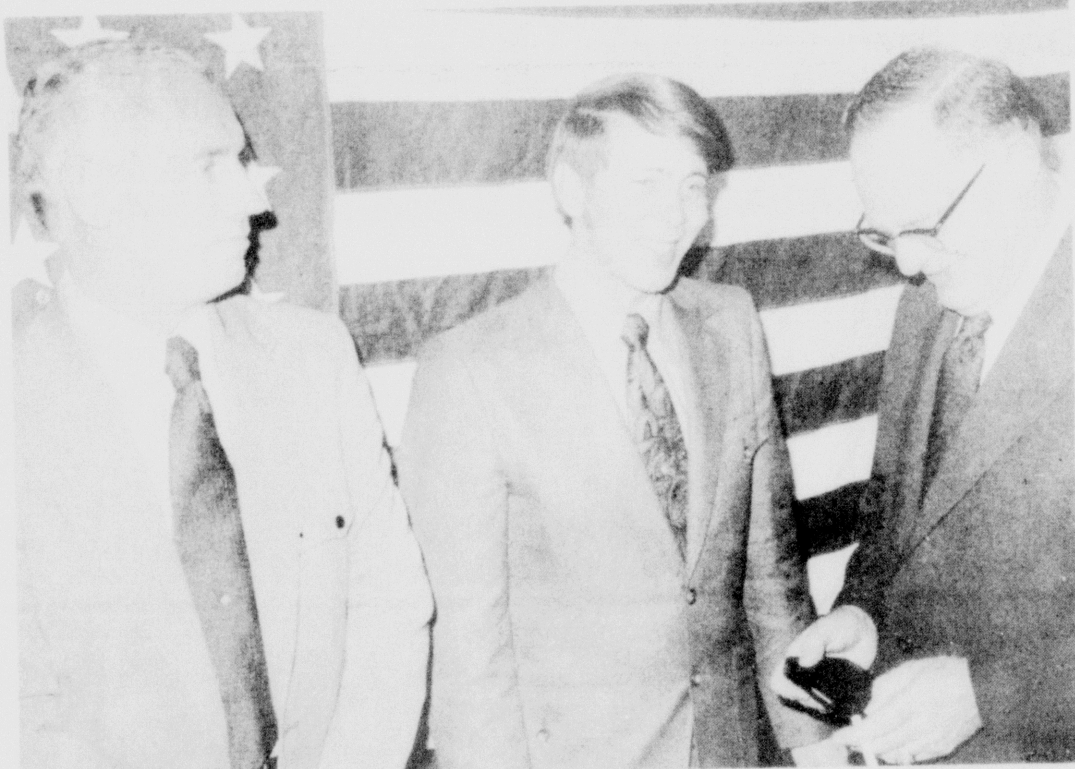

But one thing we feel sure about is the lesson we should have learned from this long drawn out mess. As a nation we should never get involved in another "war," "police action" or what ever you want to call it without going in with one thing in mind — win and get it over with. Unlike the orientals, we are not the type of people that have the patience to stay with something like this year after year.

About the same time that we were rejoicing over the end of the conflict in Vietnam last week we were mourning the loss of our only remaining former president, Lyndon Johnson.

As with all great men, and whether you liked the man or not you had to rate him as being a great man, the former president will likely grow in stature with the passing of time.

Because he was the type that made things happen and got things done, he had his enemies both, across the nation and even here in his native state. But even before his death he seemed to be gaining in recognition

--Continued on page 4

RELAXING AFTER BANQUET — Kenneth Hertel, left, new president of the Hamlin Board of Community Development, Charles Reed, center, retiring president, and W. R. (Dick) Bryan, speaker, relax after the annual banquet in the high school cafetorium Thursday evening. Bryan is executive director of community services for the Goodyear Tire and Rubber Company.

AVAILABLE HERE--

Car Tags Now On Sale

Automobile license plates for 1973 will go on sale at four places in Jones County today but they are not supposed to be placed on vehicles until April 1, according to Mrs. Alva Grace Potts, deputy tax collector.

The plates are white with black letters with the background in reflecting enamel.

In addition to the county office in the basement of the courthouse, plates may be purchased from Mrs. Enis Bishop at Bishop Electric in Stamford; from Cunningham Insurance Agency in Hamlin and from the Lueders City Hall.

Mrs. Potts said that plates may be obtained by mail by sending in the license plate renewal notice which was mailed from Austin to car owners. This will cost an extra \$1.00.

When plates are purchased at Anson or one of the branch offices, Mrs. Potts says the form received from the Texas Highway Department should be presented. In the event the form

is lost, last year's license receipt plus the certificate of title must be presented.

Jones County passenger plates this year will start at DJW850 and run through DKH549. Plates DJW850 through DJZ499 will be sent to

P-TA Program Set Today at 4

The annual Founder's Day program for Hamlin Elementary Parent-Teachers Association will be held at 4 p.m. today (Thursday) in the primary cafeteria.

All state life members will be honored and Mrs. Mary Ella Brown will present this year's recipient.

Mrs. Billy Carter, president, will present the Founder's Day program.

Entertainment will be given by the fifth grade. Rev. Herman Martinez will give the invocation.

Mrs. Kenneth Young will give the thought for the month.

Stamford; DJZ500 through DKC499 will go to Hamlin; DKC500 to DKC799, to Lueders; and DKC800 up will remain in Anson.

Commercial plates will bear the numbers BB3800 through BB6999. Of these, BB3800 to BB4649 will come to Stamford; BB4650 to BB5299 will go to Hamlin; BB5300 to BB5300 to BB5449 to Lueders and BB5450 up will remain in Anson.

Mrs. Potts said each year another type plate is added. This year a private bus plate is available for the first time.

Last week, a number of persons who will handle license plates in the county attended a briefing session held in the Taylor County court house. A representative from the district license plate office in Wichita Falls went over details of registering vehicles.

Attending from Jones County were Tax Collector Louis Johnson, Mrs. Potts, Darlene Bradshaw, D. Kennedy, Elva Mae Hendricks, Mr. and Mrs. Bishop of Stamford and Mr. and Mrs. Cunningham of Hamlin.

CITIZENS OF THE YEAR--

Dr. Smith, Erma Wallace Honored At BCD Banquet

The people of Hamlin found another opportunity to express their appreciation to Dr. M. L. Smith here Thursday evening at the annual Hamlin Board of Community Development banquet. Dr. Smith, presently Hamlin's only physician, was honored as one of the two Citizens of the Year. Honored along with Dr. Smith was Mrs. Erma Wallace, school nurse.

Making the presentation was Bobby Crowley who said that the two honorees have more in common than their professions. He said both have done a great deal of work in education, both have worked extensively with young people and "both are willing to go the extra mile."

Mrs. Wallace who has been school nurse here for 13 years has been active in P-TA work and has worked with the Lions Club, Jaycees and Volunteer Fire Department in their youth oriented activities.

Dr. Smith, who has been Hamlin's only doctor since last spring, was first honored last summer when the city proclaimed a "Dr. M. L. Smith Day." At that time the entire town turned out for a picnic in his honor.

Dr. Smith was a member of the Hamlin School Board for 15 years and served as board president during part of that tenure. He has been active in most civic affairs in the community during that time.

Featured speaker for the banquet which was held in the high school cafeteria was W. R. "Dick" Bryan, executive director of community services for the Goodyear Tire and Rubber Company. More than 200 attended the banquet in spite of cold, drizzly weather.

New officers and directors of the BCD for the coming year were introduced at the banquet by outgoing President Charles Reed. New officers are Kenneth Hertel, president; Joe Cortez, first vice president; Rodger Bell, second vice president; and Donald Young, treasurer.

Reed, who was presented with a plaque for his service to the organization during the past year by the incoming president, outlined some of the accomplishments of the BCD during the year just concluded. Among these accomplishments were the summer recreational

program, Dr. M. L. Smith Day, retail trade promotions and a paper drive to support the swimming pool and the recreational program.

Bryan, who toured 86 countries while serving as president of Lions International, gave a brief description of his impressions of the problems still facing the world and some of the conclusions he formed following the tour.

He cited some of the major "hot spots" around the world and said that we could expect trouble from them for years to come. He told his audience that if we are to solve these world problems we must begin at home. He said that if you cannot solve your local problems you cannot expect to solve the world's problems.

Bryan said that he formed three conclusions after returning from his trip around the world: 1. If we hope to bring unity to the world, the effort must begin at home; 2. Now is the time to work with the youth of the world, a vast majority of whom are ready and able to assume responsibilities; and 3. Now is the time to speak up and make our voices heard if we are to make this a better world in which to live.

He closed out his remarks by telling of visiting a Lions Club at a leper's colony. He told of how the men who knew that they would never be able to leave the colony could still work to make it a better place to live.

"You who live in a community where there is hope for tomorrow, if you get discouraged, just think of those men," he said.

The Rev. Howard Jones, pastor of First Baptist Church, was master of ceremonies.

Guests attended from Abilene, Sweetwater, Stamford, Sylvester, Breckenridge and Rule.

Pipers to Host Games Here Friday, Saturday

The Pied Piper basketball team, still fighting for a share of the district crown, will host Ballinger and Winters here Friday and Saturday and then travel to Anson Tuesday to meet the district leading Tigers.

The Piperettes will be closing out their season here Saturday when they take on the girls from Winters in a make-up game.

The Pipers are 2-0 in the second round of District 6-AA play and need to win this second half to earn the right to meet Anson in a playoff game to decide the district representative. Anson remains undefeated in both rounds.

Milton Jones led the Pipers to a 55-50 win over Stamford to open the second round of play last Friday. He scored 21 points and David Willis scored 14 points. Playing at Winters Tuesday, Milton was again the scoring leader with 25 points as the Pipers won, 72-55. Also scoring in double figures were Johnny Jones with 15 points and Willie Hooper with 12.

MOD March Set Sunday

The annual Mothers March of Dimes will be held Sunday afternoon, according to Mrs. John Ferguson Jr., coordinator for the house to house drive.

Workers are to meet at 2 p.m. Sunday at Farmers and Merchants National Bank to receive assignments. Club presidents are being contacted to assist in lining up workers for the event.

Anyone who can help with the drive is urged to be at the bank at 2. Their help will certainly be appreciated, Mrs. Ferguson noted.

In case of bad weather the drive will be held the following Sunday.

PLEASED TO SEE NAME ON LIST — Tommy Johnson, Hamlin High School junior, is pleased to see the name of Lt. Col. Julius S. Jayroe of Dallas on the list of Prisoners of War in the Thursday afternoon edition of the Abilene Reporter-News. Tommy, son of Mr. and Mrs. John T. Johnson, has been wearing a POW bracelet, inscribed with Maj. J. S. Jayroe's name for nine months. Evidently the Air Force officer was promoted while held as prisoner. His address is listed as Dallas on the list released by the Pentagon provided by the North Vietnamese.

OES to Have Special Guest Here Tuesday

District Grand Deputy Doris Greenhaw of Abilene will be a special guest at the Tuesday evening meeting of Order of the Eastern Star No. 460 at 7:30. She will present instructions to the local chapter from the Worthy Grand Matron for 1973.

The meeting will be held in Masonic Lodge Hall. A salad supper will follow. All members are urged to be present. Mrs. David Wade is worthy matron. Don Bailey is worthy patron.

Young H'makers To Meet Here

The Young Homemakers Chapter will meet Monday at 7 p.m. for a program on fondue to be presented by Delma Scott.

The program was originally set for January but was postponed because of inclement weather.

Babysitting will be provided. Every member is reminded to bring their recipes.

Mrs. Young To Give Literary Club Program

Woman's Literary Club will meet at 2 p.m. Friday in the home of Mrs. L. H. McBride for a program on poetry to be presented by Mrs. Donald Young.

The fine arts program will be "A medley of Love." Mrs. Charles Reed is to be program director.

Mrs. Jackie Williams will preside during the annual business meeting. Mrs. L. B. Bruner will give the invocation and Federation News will be given by Mrs. Johnny Waldrop.

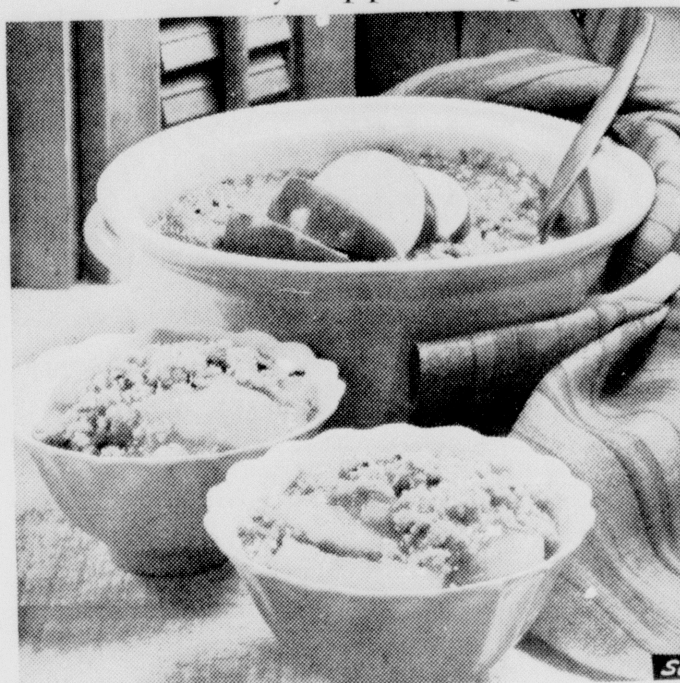

Mrs. Joe Cowan will lead the Club Collect.

Service Set

The Assembly of God Church will present the 2:30 p.m. worship service at Holiday Lodge Sunday.

The Rev. Dick McAnally and others from the church will participate in the service.

Scotch Apple Crisp

This is one way to treat your family (and perhaps friends) to a change of pace dessert when you're counting the pennies just a little bit.

Filled with canned pie-sliced apples and Nestlé's Butterscotch Morsels, the pudding is a tasty dessert for these fall days ahead.

Scotch Apple Crisp

- 1 20-oz. can pie-sliced apples, drained
- 2 tablespoons lemon juice
- 1 6-oz. pkg. (1 cup) Nestlé's Butterscotch Morsels
- 1 cup quick uncooked oats
- 1/2 cup butter

Preheat oven to 375° F. Arrange apple slices in bottom of 1 1/2 qt. baking dish. Sprinkle lemon juice over apples. Heat over hot (not boiling) water butterscotch morsels, oats, and butter until morsels melt and mixture is well-blended. Spoon over apple slices. Bake: 375° F. Time: 25 minutes. Serve warm topped with whipped cream, if desired. Makes 6 servings.

Anson Artist Gives Program Here Thursday

Mrs. Roy Propst, Anson artist, brought the afternoon's program on "High Moments of Art" when Xi Gamma Pi Chapter of Beta Sigma Phi met Thursday in the home of Mrs. M. L. Smith.

Mrs. Propst gave facts about the artist, Bud Biggs, who was commissioned by Southwestern Bell Telephone Company for the cover of the current telephone directories.

During the business meeting with Mrs. Gerald Young, president, presiding, members volunteered to assist with the March of Dimes drive Feb. 4.

Other members attending were Mmes. Ed Boaz, Bob McKissack, Leldon Clifton, Bill Feagan, James Harrison, W. T. Johnson, Howard Mehaffey,

Mrs. Hopper Hosts Ruth Class Meeting

Ruth Sunday School Class of Central Baptist Church met Tuesday afternoon with Mrs. Eddie B. Hopper and presented Mrs. Jessie Tate with a love offering as a surprise.

Mrs. Tate's home was destroyed by fire in December. She is the mother of one of the class members, Mrs. R. Y. Cloud.

Mrs. F. T. Wallace gave the opening prayer and conducted the Bible quiz.

Mrs. Ben Wilcox gave the devotional on "Search the Scriptures." Mrs. M. L. Haught gave the closing prayer.

John C. Bryant, Arlie Cassle, Jerry Waggoner, Cecil Sellers and C. Weldon Griggs.

'73 Holiday On Ice Show Returning to Coliseum

The 1973 edition of Holiday on Ice International returns to the Taylor County Coliseum for five performances from Mar. 8 thru Mar. 11. This all new skating extravaganza features new skating stars, a completely new look in costumes, new production and musical staffs, and new lighting and staging.

The inimitable "Snoopy" will be around for his second season to help set the stage for another great Holiday on Ice Spectacular.

This 27th edition of the internationally famed show will be a slice of Americana. There'll be an all American theme from beginning to end with new and old mingled together to present truly appealing family entertainment.

The production sequences range from "Rhapsody in Cool", set to composer Jim Webb's semi-symphonic "MacArthur Park" to a nostalgic trip in a glittering "Riverboat" finale.

As usual there will be ample

comedy for everyone. In addition to the antics of "Snoopy" the zany humor of Little Lito will be on display. A very new novelty touch will be on hand with the addition of Soule's famous "Poodles of Paris", one of the finest of all canine acts.

Holiday on Ice of 1973 is an American show steeped in the tradition of American entertainment. American music sets the theme including the original compositions by Holiday's own composer and arranger, Dick Friesen.

Original numbers composed by Dick Friesen are "The New Ice Age", "Shoo-Fly Crow", "Town Meeting", "Tip your Hat to a Carrot", "Honey Be My Little Honey Bee", "Soil, Seed, Sun and Rain" and "Tender Loving Care".

The 1973 Holiday on Ice is a combination that has been molded into one of the great entertainment spectacles of this or any other year. It's "The New Ice Age" that gives Holiday on Ice that "New Look".

NEWS FROM...

Sylvester

by Mrs. R. M. Babb

We had some very cool weather this past week. Surely hope most of the farmers will be able to get the remainder of this cotton out. We had 1.10 in. of moisture, rain and snow.

Mr. Edgar Smith spent several days in Hamlin hospital with the flu.

Mrs. Myrtle Edwards of Fisher Co. Nursing home is in Callan Hospital in Rotan, quite ill at this writing.

Mr. and Mrs. Ray Hall and family of Sweetwater visited with their parents, Mr. and Mrs. Buster Lambert, over Sunday.

Bro. Milton Jennings' mother from Avoca and his aunt from Abilene visited in the afternoon and stayed for Church Sunday night.

Mr. and Mrs. Bert Boyd of Sweetwater, Mr. and Mrs. Ross Boyd of Hamlin visited in the R. M. Babb home Friday night.

Mrs. Fay Dozier and Mrs. Buford Brown visited Holiday Lodge in Hamlin on Sunday afternoon.

Mrs. Velma Reed has been in bed most of the week due to the flu.

Mrs. Stephens of Roby spent several days in the home of her daughter, Mrs. Alfred Dougless.

Joh Stephenson of Midland spent the weekend in the Raymond Griffin home.

Beta Theta Starts First Aid Course

Beta Theta Chapter of Beta Sigma Phi met Jan. 23 to begin a Red Cross First Aid Course taught by Phillip Hampton of Anson. The meeting was held in Farmers and Merchants National Bank.

The American National Red Cross offers this course to extend First Aid training to every household. First Aid training is recognized as a valuable home and community resource at all times.

The members will meet every Tuesday evening for five weeks in F & M Bank to complete the course.

Keven Mehaffey On Honor List

Keven Mehaffey, sophomore English and Spanish Major at Texas Tech University, has been named to the Dean's Honor List for the fall semester.

She is the daughter of Mr. and Mrs. Howard Mehaffey.

Mrs. Agnew Hosts Rebekah Class Social

The Rebekah Sunday School of First Baptist Church met in the home of Mrs. Johnnie Agnew, Wednesday, Jan. 24 at 9 a.m. for their monthly class social.

The class outreach leader, Mrs. Oran Taylor, was in charge of the meeting. The meeting was opened with the singing of the class song, "Did you Think to Pray." Mrs. Agnew was pianist and Mrs. D. O. Waymire was song leader. Mrs. Carl Young brought some inspirational thoughts for the program and concluded with the closing prayer.

The hostesses, Mrs. Agnew, Mrs. Waymire and Mrs. Young served cake, coffee and tea to the following: Mmes. Carl Meyer, Hettie Jones, Travis Hubbard, Fred Rosenbaum, Brit Baker, Ruby Perryman, Debbie Harrell, Taylor and J. C. Lain.

VARIETY STORES

FROM THE FILES . . .

FIFTY YEARS AGO (February 2, 1923)

It was delightful music, those showers were. Falling all night and then some. Every drop going down into the thirsty soil, making the ground just right for another bumper crop. Yes, the rains have grown bigger, but not yet big enough to make the streamlets, the creeklets and the reverlets run to amount to much. Hence, there is still cause to conserve water.

The young people's class of the Baptist Sunday School will offer some mighty fine cakes for sale Saturday at the Model Grocery. Buy a pretty cake for \$1.00 and help the class in financing their new Sunday School room expense. A good cake at \$1.00 is a real bargain.

Efforts are being made to obtain better mail service for Anson and Hamlin. The morning Wichita Falls Valley train frequently leaves Abilene before arrival of the west-bound Texas and Pacific, and there being no other mail train to Anson, the mail is twenty-four hours late in arriving at Anson. Efforts are being made that will permit the mail for Anson and Hamlin that is missed by the Valley train, be carried on Abilene Southern to these towns.

TWENTY YEARS AGO (February 6, 1953)

Record low rainfall for the past 11 years at least was tabulated for 1952 when the total of 13.08 inches was registered by the government rain gauge operated at the City pumping station by Bill Rountree.

Hamlin's March of Dimes drive was nearing \$1,200.00 at noon. This still was some \$200 under last year's total and it is hoped that others who have not yet contributed to the polio fighting campaign fund would make donations that would at least make the 1953 total equal last year's.

Cost of milk in the Hamlin area was considerably cheaper Monday. Reductions were put into effect by retail grocery stores and others handling dairy products Monday morning. Prices on other dairy products were not affected.

Net proceeds of \$69.20 were realized Friday night from the Neinda community program at the community center, report officials of the Good Neighbor Home Demonstration Club, sponsor of the event. All proceeds will be turned over to the March of Dimes campaign. Program was furnished by a girls' sextet from Anson Ward School and by the Southerners, a musical group from Abilene.

TEN YEARS AGO (January 31, 1963)

Boy Scouts of Troop 43 will operate the Burt Oliver Oil Company station at the McCauley Y Saturday, Feb. 9. All profits will go to the scouts to be used to finish paying for the bus now being used by the boys and other expenses. The bus was purchased last fall and has been paid for mostly by the Halloween candy sale in October.

Residents of Hamlin are being reminded to leave their porch lights on this evening (Thursday) and be ready to contribute when workers for the Mother's March of Dimes drive call from 6 to 7 o'clock.

Mrs. Kenneth Riddle was elected president of the Camp Fire Council at the annual banquet for adult leaders in the Camp Fire and Blue Bird program here. The dinner was served at 7:00 p.m. in the high school cafeteria.

Pipers made a clean sweep of the Haskell Indians here Tuesday night as they took victories in three games

The varsity cagers downed the Indians, 46-42, and the B-team boys won their game with Haskell, 52-35. The girls continued their lead in district play by dropping the Haskell girls, 54-40.

NEWS AND VIEWS . . .

And What Have You

Continued from page 1

for his service to this nation. And we are sure this recognition will continue to grow.

There is no question in our mind but what the man's efforts on behalf of his nation cost him many years of time he could have spent on this earth with his family and his friends. For this we owe him a great debt of gratitude.

There is one common factor that seems to come out in every man who has served as president of this nation — none of them, at least in modern times, has ever been the least bit critical of any of those who have followed them. This has been true regardless of party or political beliefs.

This was true with President Johnson, not once since leaving office has he made any statement that in any way downgraded the job Richard Nixon was doing as our current president. And there can be no question but what there were times when they were in violent disagreement on the course of action this nation was taking, particularly in domestic affairs.

From this it seems obvious that no one who has not sat in that big chair in Washington can have any idea of the strain we place on one of our fellow countrymen.

We noted where one of the weekly editors in West Texas made the point that Richard Nixon has to be the loneliest man in the world now that we no longer have a living past president.

We received the following letter this week that points out some things that we know the people of Hamlin really don't like to have pointed out, but until outsiders start pointing them out we probably are not going to do much about them.

To The Editor:

Recently I was in your town visiting a fellow-minister, and he drove me about the city showing me the sights. I was somewhat dismayed at what I saw: there are lots which need to be cleared of rubble and weeds; there are vacant, dilapidated houses and buildings that are eyesores; in the downtown section there are buildings which are in the state of decay and falling; and then the decadent drive-in is no welcoming mat for those entering your town.

I say all these things not to be just critical of your town, but I hope by this letter to incite all the citizens of Hamlin to constructive action. I believe there is great potential for Hamlin to be an oasis for the weary traveler and also a pleasant place in which to homestead. And there is an ideal place for a city park along the creek for the citizens to enjoy.

One suggestion is that the City Councilmen take the reins and begin to whip up some enthusiasm for a community-wide cleanup. Such a program would promote neighborliness and fellowship for the town's constituency, and all would be pleasantly surprised at the results.

Sincerely,

Rev. Jack Stevens
Levelland, Texas

redistricting of the senate districts by the last legislature. The drawing this morning sets one half of the Senate faced with elections in two years while the rest will serve four years. This procedure was provided to give the upper house more stability than the House of Representatives whose members face re-election every two years. Senators normally serve four year terms.

This will be the third two year term for Senator Hightower, first elected to the state Senate in 1964 from the 23rd district. Hightower was re-elected from

the new 30th Senatorial district in 1966. The Senator was re-elected in 1970 and 1972 without opposition.

Senator Hightower serves as Chairman of the powerful Senate Administration Committee and as a member of the Finance and Natural Resources Committees.

BABIES

Mr. and Mrs. Buford Jay Pettijohn of McCauley are parents of a girl, Becky Diane, 8 lbs. 3 oz., born Jan. 26 at 1:38 p.m.

Putting forth a *Real* effort

A child's first attempts at printing require deep concentration and great effort. However, with patience and practice he becomes more adept and lettering is easier. Then he is ready for the next step, learning to write.

The Lord expects us to put forth an effort to improve ourselves.

"I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

Sen. Hightower Draws 2-Year Senate Term

Senator Jack Hightower of Vernon drew capsule number 24, giving the seasoned senator a two year term. Senators drawing even numbered "pills" had two year terms as opposed to four year terms for the odd numbers.

The drawing, held in the Senate Chamber Wednesday morning, is required by the state constitution following the

HONORED FOR 25 YEARS SERVICE — John D. Kitchen, left, roustabout first class in Continental Oil Company's Production Department here was recently presented with a jeweled emblem by Donald H. Bockmon, production foreman, in recognition of 25 years service with the company. A native of Oklahoma, he was reared at Lamar, Okla. and began his career with Continental in Eunice, N. M. He has lived here since May 1956, when he moved here from Eunice.

SHORT WAVES

BY FRANK SHEARER

Numbskull: what you get from meeting problems head-on.

Save your pennies. Someday you'll have enough to put them all together and make a terrific doorstop!

Nothing makes it harder to get to work on time than a boss who doesn't.

Show us an adult who can smile through a rock concert, and we'll show you a hearing aid with weak batteries.

To err is human — but it takes a better excuse the second time.

Agent Warns Against Use Of DES In Animal Feed

The use of animal feed containing DES (diethylstilbestrol) after Jan. 1, 1973, constitutes a criminal act with the user liable to punishment as viewed by the Food and Drug Administration (FDA) according to Kirby Clayton, County Extension Agent.

Farmers, ranchers, feedlot operators and those involved in the manufacture, sale or distribution of animal feed are

cautioned to dispose of feeds containing DES. Either burial or use as a fertilizer are the suggested means of disposal. Use as a fertilizer should involve shallow incorporation into the soil. The Food and Drug Administration will request pre-mix manufacturers to recall all outstanding stocks of their product from the market place for supervised disposal.

The action was required under terms of certain sections of the Federal Food, Drug and Cosmetic Act. These terms as described contain the so-called Delaney clause and require that there be no detectable residue. Evidence that DES residue was present in the liver of steers 3, 5, and 7 days after the feeding of a single dose of the chemical was cited as requiring the withdrawal of approval for use even though there is no known public health hazard resulting from its use.

In announcing the ban in the August 4, 1972 issue of the Federal Register the FDA emphasized that the Commissioner has no reason to believe that the use of DES in animal feed represents a public health hazard and, further, that no human harm has been demonstrated in over 17 years of use. Under the law, however, the continued use of the drug in feed may no longer be permitted according to FDA.

Services Held Tuesday for Infant Girl

Services for Owyazee Lashyne Willis, two-month-old daughter of Mr. and Mrs. Ector Willis of Dallas, former Hamlin residents, were held Tuesday at 2 p.m. at McCoy Chapel of Memories. The Rev. George Blue, pastor of the Church of God in Christ, officiated.

The baby died in Parkland Hospital in Dallas after a one-day illness. She was born Nov. 13, 1972, in Stamford.

Survivors include her parents; two brothers, Donnie and Ronnie; one sister, Sherrie, all of Dallas, and the grandparents, Mr. and Mrs. Raymond Johnson and James Willis, all of Hamlin.

Cindy Bryant Completes Work For Tech Degree

Cindy Bryant was one of 986 students in the six colleges and the graduate school at Texas Tech University to complete work for degrees at the conclusion of the fall semester.

Miss Bryant, daughter of Mr. and Mrs. John C. Bryant, received a bachelor of arts degree in interior design. She is employed by Jaye Skaggs Designs in Fort Worth.

H-SU Students Doing Student Teaching Now

Four Hamlin students at Hardin-Simmons University have begun their student teaching in Abilene and area public schools this spring, according to Dr. Jack Longbotham, chairman of the division of education at H-SU. Those teaching in the Abilene Independent School district are Sammie Valliant at Woodson (elementary level) and Sharon Townley at Mann Jr. High (speech).

Teaching in area public schools are Marcia Moore at Hawley Elementary and Nina Reynolds at Hawley (business).

New Patrolman

Herman Martinez, a night dispatcher for the Hamlin Police Department since Dec. 7, has now been authorized to serve as a patrolman when needed, according to Ed Wheat, chief of police.

Mr. Martinez will also continue his duties as pastor of Baptist Mexican Mission.

About 20,000 Texans are enrolled in 700 Defensive Driving Courses being offered this month in all sections of the state, the Texas Safety Association reports. Graduates are entitled to a 10 percent reduction on automobile insurance.

Wrestling Match Set At Aspermont

The Aspermont Boy Scouts will sponsor a giant wrestling card in the Aspermont High School Gymnasium Monday, Feb. 5, at 8 p.m. The event is being billed as the first wrestling performance to be held in Aspermont.

The main event will be a tag team match between the Chain Gang, The Fargo Brothers, and the team of Lord Hayes and Nick Koyzak. The Fargo Brothers are undefeated since coming to Texas a few weeks ago.

The semi-final event will be Hank James going against Moose Morowski. This will be the battle of the giants.

The opening match will be the Beast going against Dario Romero.

Advance tickets are on sale at Kenady Drug Store in Aspermont. Ringside tickets are \$3.00 and general admission is \$2.00. Children, ages four through 11, will be admitted for \$1.00.

Church to Mark Youth Week With Revival

Youth Week at the Church of the Nazarene will be observed with several special activities under the direction of Mrs. Joe Norton, adult supervisor of Teen Activities.

A Youth Revival will be held Monday evening through Sunday morning, Feb. 2-4 with Rev. Stanley Martin as evangelist and Ronnie Archer as the singer. Both young men are students at Bethany Nazarene College in Bethany, Ok.

Everyone in the community, especially the young people, has a special invitation to attend, says the pastor, the Rev. Marshall Stewart.

Sunday evening the youth of the local church will give a dramatic presentation of "Jesus the Hope," under the direction of Mrs. Norton. "This is a dramatic reminder that Jesus is at work in our world today," Mrs. Norton said.

Bill Rountree Honored By Water Group

Bill Rountree, retired Hamlin Water Superintendent, was honored by the Lone Star Water Utilities Association at its regular monthly meeting held in Stamford, Jan. 17.

Rountree, a charter member of the Association, was made a Life Time Honorary member. Also honored at the meeting were two other retired members, Jim Ulky of Stamford and Buster Morton of Sweetwater.

The organization was formed in 1950 by area towns and the Texas State Health Department as a training aid for Water and Waste Water Employees so they

might be certified as operators. The group meets on the third Wednesday of each month in one of the 18 towns for a two-hour session.

NEWS

By BILL BOYKIN

has set up a special advisory council to assist cities across the state with increasingly complex responsibilities of utility regulation.

TML President Jamie Clements announced establishment of the Texas Utility Advisory Council to help prepare municipalities for responses to utility rate increases and related utility matters which affect local consumers.

Clements, Mayor of Temple, appointed Dan Matkin, Mayor of Irving, to serve as council chairman. The council will function under auspices of the Texas Municipal League and rely on the support of the TML's 734 member cities. Public utility rate experts from major Texas cities will lend technical support.

Card of Thanks

CARD OF THANKS

Our sincerest thanks for the numerous ways our friends helped us during the illness and passing of our loved one. We truly appreciate the thoughtfulness expressed in cards, flowers, food and everything that was done for us.

Mrs. Jack Williams and family

CARD OF THANKS

Artie and Ray Huling want to thank everyone for all of their thoughtfulness during Ray's recent illness. Ray's stay in the hospital at Temple was made much better when a group of friends from Hamlin came to visit him. He also received many cards, gifts and phone calls. Everything was deeply appreciated.

Homemaker Award Goes to Kenneth Payne

In a written knowledge and attitude examination taken by both senior boys and girls, Kenneth Payne was selected by his score for the 1973 Betty Crocker Homemaker of Tomorrow honor in Hamlin High School.

This is the first year that boys have been eligible to participate. Kenneth will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow.

The sponsors say that ideally, homemaking has always been a partnership undertaking by husband and wife, however, today that partnership is becoming more of a reality.

A state winner will be chosen from all school winners in the state in judging centering on performance in the test. This student will receive a \$1,500 college scholarship. The national winner will receive a \$5,000 scholarship. Second-, third- and fourth-ranking Homemakers of Tomorrow in the nation will be receiving \$4,000, \$3,000 and \$2,000, respectively.

AUSTIN. — This city lost a part of its "personality" last week. Most Austin Citizens acted sophisticated about the fact that President Lyndon Baines Johnson was seen frequently at public events ...but his personality gave the entire area a certain glamor that will be lost with his passing.

He had made frequent appearances recently — the Cotton Bowl, Civil Rights forum, Governor Briscoe's inauguration, and an economic seminar at San Marcos.

Yes, Austin and Texas will miss LBJ.

He did not try to dominate the show when he appeared publicly, did not make "news" by voicing opinions on everything, but his influence was felt in many important ways.

During last year's political campaigns in Texas, he was on the phone raising money, offering advice — supporting those who had been loyal to him during his political career.

The Texas Democratic party will miss LBJ.

Although it will not be listed in his biography, Lyndon Baines Johnson was a journalist.

He wrote a book. He helped write and produce several television news specials. Most of all, he "made" news during his entire lifetime.

His daughter, Mrs. Luci Nugent, likes to point out that her father was "surrounded by journalists."

"My father had to live with journalists all of his life," she said recently. "My mother was a journalism graduate of the University of Texas. My sister wrote for major magazines, and I've enjoyed doing some writing."

Men who influenced him on many major decisions were journalists...Bill Moyers, George Christian, Tom Johnson and many more. He confided in many Texas newspaper editors, Art Kowert, Bob Jackson, Bill Hobby and others.

Texas Journalists will miss LBJ.

He refused to let his illness slow him down.

His last public appearance was a tree planting ceremony near his home with Lady Bird. He had spent an active Christmas holiday with his wife, daughters, their husbands and children.

He attended the funeral of the 14 young people who had been killed in the bus-truck accident and the funeral of President Harry S. Truman less than a month ago.

His family will miss LBJ.

President Johnson's political career will continue to be an inspiration to young people interested in government and politics.

He came from a family of public servants, but hundreds of college students in this state look at his career and contemplate the "path to the presidency."

He was first a young school teacher, then youth administrator, aide to a Congressman, Congressman, Senator, Vice-President then President of the most powerful nation in the world.

Yes, Lyndon Baines Johnson made history interesting for Texas.

Texas will miss LBJ.

ABORTION LAW STRUCK DOWN — The U. S. Supreme Court voted 7-2 to strike down the state's abortion statute. Holding that medical abortion in the first six months of pregnancy should be a private matter between a woman and her physician, the high court ended a controversy begun in 1970 when "Jane Roe" a pregnant, unmarried woman from Dallas took the abortion argument to the federal courts.

Ironically Miss Roe, as she was named to protect her identity, won her case, but had the baby.

Gov. Dolph Briscoe asked Texas Atty. Gen. John Hill for an evaluation of the ruling and for alternatives open to Texas in light of the high court decision. Lt. Gov. Bill Hobby, however, said that "the best solution is one in which the state is neutral on the subject...I believe the medical profession of Texas will respond to the decision and will

treat abortion as a medical matter in a responsible way."

ENGINEERS OFFER LEGISLATORS PROFESSIONAL ADVICE — Legislators last week were offered the expertise of a group of engineers on "broadly defined areas of environmental protection" and other areas of public concern.

The Texas Society of Professional Engineers told Texas House and Senate members that 700 members of that association were available "factual presentations" before committee hearings on air pollution, water pollution, liquid and solid wastes, insecticides and pesticides, health, safety and many other categories.

TOO MANY SCHOOLS? — Texas may be expending educational facilities to the extent that the quality of education may be diluted, while the taxpayer keeps digging deeper in his pocketbook to pay the bills.

Opinion was expressed here by Wales Madden, an Amarillo attorney, who is a member of the Coordination Board, Texas College and University System. Madden told CB members "educators know that increased funding is dependent upon growing enrollments. With institutions planning independently and on ad hoc basis for enrolling the same students, and with there being fewer students to spread among the colleges, we may endanger the critical mass of students, faculty, facilities, equipment and libraries established at such high cost and hard effort in our existing institutions."

Madden placed part of the blame on local pressure on state legislators, who feel duty bound to try to create by statute a junior or senior college or technical training facility in their communities. Madden urged CB members to moderate the present expansion trend "until we determine fully what the needs are and where we are going."

NEW CLASS OF CHILD CARE WORKERS — Texas, under federal funding, will be the first state to start a training program for a new category of professional child care workers — the Child Development Associate (CDA).

The CDA program, a brainchild of the Office of Child Development in the federal Department of Health, Education and Welfare, will be administered at the state level by the Office of Early Childhood Development, Texas Department of Community Affairs.

Four contracts have been awarded to Texas colleges and universities to organize the training programs based on proven competency in working with children rather than academic course work.

Schools holding the first four contracts are: 1. Tarrant County Junior College of Fort

Worth; 2. Stephen F. Austin State University of Nachogdoches, Texas Christian University of Fort Worth and Texas Women's University of Denton; 3. Texas Southern University of Houston and 4. Texas A&I University of Kingsville and Pan American College of Edinburg.

Energy Demand Can Be Solved If Price Is Right

A Continental Oil Company representative said here today that meeting America's growing demand for energy is closely tied to the price tag for petroleum.

"Supplying the huge quantities of oil this nation will need in the future can no longer be done at bargain basement prices," Claud Mullins, Supervising Engineer, Midland, told a Rotary Club luncheon audience.

Noting that oil and natural gas account for more than 75 percent of the total energy consumed in the U. S. and predictions for future demand far exceed current production, Mullins said, "We have run out of easy-to-find oil. But we certainly have not run out of oil."

He cited a National Petroleum Council estimate that 55 percent of America's oil is still waiting to be found. But he warned that the actual amount discovered will depend largely on the open market price of oil. In a reference to the cost of improved technology, Mullins said market price will be a major factor in determining how much oil is ultimately recovered from today's known reservoirs, too.

He acknowledged the "tremendous potential" for energy resources in shale, coal and tar sands deposits. Here again, he noted the technology needed to convert these reserves to more conventional petroleum liquids and natural gas is tied to the price of the ultimate product.

"What I am suggesting, in essence, is that economic policy may help close the domestic energy gap," Mullins explained. "Although our gap is obviously showing, it is not because we have a shortage of total energy resources."

He also called for "a more balanced view" of environmental problems. "Not less concern for the environment, but a concern for the environment balanced against our other national needs and goals and priorities. This nation can have environment and energy, too. But it should not have one — either one — at the expense of the other. And it is in helping to achieve a reasonable balance between these two important goals that national policy can be most important."

The Conoco representative pointed out that the petroleum industry as a whole is spending more than \$1.5 billion a day on pollution control and research.

CLASS 2-A WINNER — Hamlin High School Stage Band won first place Saturday in the Tarleton State College Jazz Festival, Class 2A Division, in Stephenville. Dennis Guillaume, festival coordinator, presents the trophy to Tim Jones, director.

NEWS FROM ...

Old Glory

By Bernice D. White

Friends of Mr. and Mrs. Luther Meier have announced that they will be honored with a housewarming Saturday, Feb. 3, from 6:30 to 9:00 p.m. Everyone is invited to attend.

Mr. and Mrs. Meier and their two daughters have recently moved into their pretty new brick home northeast of Old Glory.

Weldon Spitzer, student at Texas Tech in Lubbock, spent the weekend here with his parents, Mr. and Mrs. Garrett Spitzer.

Visiting in the home of Mrs. Bernice White during the weekend was her daughter, Judy, and Don McDonald of Lubbock.

Mrs. Katie Gerloff received a surprise visit last week when Mrs. Mozell Ferguson of Lamesa and Mrs. Modine Hinz of Stamford dropped by to see her one afternoon. Other recent visitors in her home included a son and wife, Mr. and Mrs. Raymond Gerloff of Abilene.

On Tuesday of last week Mrs. Gerloff and Mrs. Eddie Jones were in Abilene where Mrs. Gerloff had an appointment with an eye specialist. Mrs. Gerloff reports that she will not have to go back to this doctor until in July.

We are glad to report Mrs. Travis Beil has returned home after spending several days in the Stamford Hospital. According to reports Mrs. Beil became ill recently while visiting relatives in Fort Worth, and entered the Stamford Hospital as she was returning home.

The J. V. Ritenours of Abilene were dinner guests in the home of Mr. and Mrs. George Rhoads and children Sunday. Mr. and Mrs. Aaron House of Guthrie also stopped by to visit with the Rhoads on Sunday.

One month of 1973 has come and gone, and from all accounts we have started this year with above average precipitation, and there will probably come a time next summer when we can truly be thankful for this. Right now, there are some of us who have been told that if you don't like West Texas weather to wait awhile, find ourselves getting a little impatient for some nice warm sunshine.

Old Glory School was one of many throughout the State that dismissed last Thursday to pay respect to former President Lyndon B. Johnson. Witnessing the funeral of President Johnson and the signing of Peace in Vietnam were certainly important historical events for everyone to see on T.V.

Numerous basketball fans from here braved the cold Saturday evening to go to Abilene for the game between A.C.C. and New Mexico State Junior Varsity to see Ex-Old Glory Pirate Russell Letz playing on the New Mexico team. While his team lost by a narrow margin, Russell expressed his appreciation to all the folks here at home and throughout the area who came to watch them play.

Among the fans were his three sisters, Stephanie from Odessa, Reva from Lamesa, and Regina from San Angelo. Reva came on to Old Glory and spent the rest of the weekend here visiting with their parents, Mr. and Mrs. Ed Letz.

Mrs. Bill Wright hosted the Old Glory Variety Club on Tuesday of last week in the school cafeteria. Nine members were present. Mrs. Wright presented each member with a club yearbook, served delicious refreshments and then they enjoyed playing dominos.

Mrs. Herman Dugan will host the next meeting in her home Tuesday, Feb. 13.

Mrs. Morris Garner, according to her plans at this time, will have entered Hendricks Memorial Hospital in Abilene on Tuesday of this week, and have undergone surgery there on Wednesday. Her sister, Mrs. Willie Fletcher, will be staying with the Garner's son and his family, the Loy Garners, in Abilene.

Neinda Philosopher Claims the Postal Service Has Changed Famous Slogan

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One seems to be fighting off standardization, and in his case he may be winning.

Dear editor:

In line with what I have figured out is the new U. S. Postal Service's motto: "Neither rain nor sleet nor snow nor gloom of dissatisfied customers shall keep us from showing a profit," the Postmaster General has proposed plans for charging extra for any envelope that's not standard size.

As he explains it, odd-size envelopes won't go through the automated canceling machines, so people ought to pay extra for

mailing such things as tiny birth announcements, square wedding announcements, over-size Christmas cards, etc. He figures half the people will go on using the off-size envelopes and the postal service can pick up an extra 100 million dollars a year this way.

This makes sense, but he shouldn't stop there. Not only should all envelopes be the same size, the contents of all letters ought to be the same. That way, it wouldn't make any difference whether your mail arrived a week late or never at all. Be the best way on earth to cut out all this complaining about lousy mail service.

Speaking of standardizing things, I understand that before long all packaged or canned or jarred foods will carry a label telling exactly what's inside, how much fat, how many calories, carbohydrates, protein, etc., and also include the serving size and the number of servings per container.

As far as I know this is a fine thing, I guess if a man can't depend on his taste buds to tell him what to eat he ought to gather up the labels, get a slide rule and figure out what he's going to have for dinner, but it's that part about telling the number of servings each can

contains that's going to run into trouble.

Servings for whom? If for a 12-year-old boy who got a

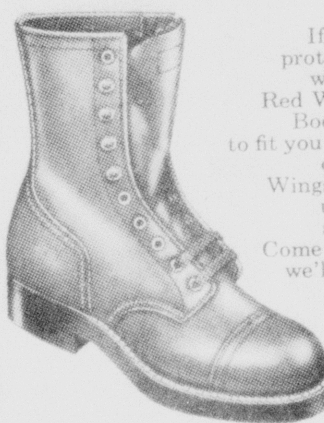

football for Christmas, forget the label and start emptying cans into a dishpan till you get it about half full.

Washington may be trying to standardize this country but it's going to be a job. There are just too many people who won't stand still.

Yours faithfully,
J.A.

ice storm

In December and January destructive ice storms, riding frigid polar air, covered much of rural Texas with a sheathing of ice. Power lines parted and poles went down.

With no regard for their own comfort, the men and women staffing the damaged systems worked around the clock to repair the ravages of the storm. Cooperatives outside the ice area sent men and equipment to help restore service in record time.

Through the years, the cooperatives have met the challenge of hurricanes, cyclones, ice storms and floods. These ice storms, bitter as they were, wrote warm new chapters in the continuing dramatic story of rural cooperation, Helping Texas Grow.

America's wheat ... ing a historic turnaround

1,000 additional, 100-ton covered hoppers are now being completed to give Santa Fe 11,000 of these giant cars to help move export wheat to Russia

Inspectors checking new hoppers at car builder's plant. Santa Fe pioneered the use of these giant 100-ton covered hoppers for moving wheat and other bulk commodities and has the largest fleet in the rail industry.

Trough hatches extending the length of car roof permit loading in about 12 minutes. Cars can be unloaded in less than three minutes.

Cars at dock facilities for transloading wheat in elevator and ship.

The history of wheat on the Santa Fe started back in the 1870's. At that time, the railway sent representatives to Europe with a view in mind of winning settlers to Kansas.

Through their efforts, the Mennonites emigrated from Russia in 1874 and brought with them a few sacks of wheat—red wheat—that thrived and transformed the Midwest and parts of the Southwest into the breadbasket of the world.

Today, one of the cities not far from the center of the wheat belt on the Santa Fe, carries the name of Moscow, Kansas. Now, the same type of wheat brought to America by the Mennonites from Russia is going back.

It is part of the 400 million bushels of wheat being sold to the Soviet Union. Santa Fe's giant hopper cars are moving it. The company that helped bring wheat to this country is now moving it out, 100 years later.

From Moscow and all across Kansas, Oklahoma and Texas to Moscow and the vast areas of Russia. Quite a historic turnaround.

Moving huge volumes of wheat requires coordination and cooperation

"Export movements require the greatest teamwork between railroads, port authorities and exporters in the scheduling of railroad shipments to coordinate with the movement of sea-going vessels. The current wheat export program puts this teamwork to the test, and the Santa Fe is prepared to work closely with its customers to handle this transportation challenge successfully."

John Shedd
President—Santa Fe Railway
